The confidence to confront any situation**

Kids'

Classes!

II. Schoolyard self defense

- A. Pain targets, not injury targets
 - 1. Pressure Point
 - 2. Hair pulls
 - 3. Joint locks, not breaks
- B. Child appropriate openings
 - 1. Full windmills can work
 - 2. Also, slap away strikes instead of full hammers (think double open hand windmills)
- C. Appropriate techniques
 - 1. Teach correct way to punch, kick, etc. and all the strikes except those only used in dangerous targets (knife hand, pain punch, etc.)
 - 2. Prepare them for the bully who knows boxing/BJJ/Wrestling, etc.
- D. "Aikido" finishes, wrap ups and locks

III. Weapons

- A. Traditional weapons (as opposed to those found the street).
 - 1. Creates Balance and Focus
 - 2. Traditional weapons can be controlled by parents (no one carries a 10 foot spear around)

IV. Adult Self Defense (aka "Stranger Danger")

- A. Assault Prevention for kids
 - 1. These are serious classes to prevent serious assaults by adults.
 - 2. These lessons will be offered dependent on the child and the seriousness of the lesson, and may be offered outside of normal class time

***Kids will be given exercise and/or forms to work on their own (never more than 15-20 minutes worth), and may ask YOU to help them with certain exercises. If anything requires parental help, you will receive an email explaining what is needed.**
